

The diagram illustrates a layout for a four-panel document, likely a brochure or a book spread. It features a central area divided into four panels: 'rear panel', 'left', 'front panel', and 'right'. To the right of these panels is a 'glue tab'. The entire layout is enclosed within a solid black rectangular border. Inside this border, there is a dashed red rectangular line that defines a safety margin for the text. The labels 'rear panel', 'left', 'front panel', 'right', and 'glue tab' are positioned within their respective sections. At the bottom of the diagram, there is a note in bold black text explaining the significance of the black and red lines.
